

Day of Caring®

Day of Caring was established to showcase companies as they further the spirit and value of volunteerism, increase the awareness of local human service agencies and demonstrate what people working together for the community's good can accomplish.

This is a terrific opportunity to show that your employees care about their neighbours.

Join volunteers from organizations throughout the region and share your time, talent and a little bit of elbow grease with United Way funded agencies. Volunteer activities may include painting, cleaning, outdoor yard clean-up or less active tasks such as mock job interviews and serving meals to seniors.

Not only is it fun, you'll feel a wonderful sense of doing something that makes a difference in people's lives. Additionally, this is an excellent opportunity to learn more about the agencies funded by United Way and the services they provide. As well, the media often attends, providing recognition to those who have contributed.

A date and list of volunteer opportunities will be sent on request.
